

Jacob Soble's passion for choreography is evident the moment he begins to create. His musicality and unique style have been described as captivating, inspiring and breathtaking. Having developed many of his skills on his own, Jacob's love for dance led him to start choreographing at the age of 15. In 2016 he quickly became a sought-after talent and began teaching in numerous studios. During that time, he also started a 501(c)(3) non-profit outreach program called 'Love 2 Dance Inc.,' donating his time teaching underprivileged students Contemporary dance.

Jacob's choreography, process and classes accentuates each dancer's strengths and provides meaning and purpose with each and every movement. His unorthodox teaching unleashes the full potential of each dancer. Jacob's dynamic routines add emotion to music videos, while engaging audiences at live performances. Jacob's work has been featured in The San Diego Fringe Festival, San Diego Dance Theatre's Young Choreographers Showcase and Prize 2018 & 2019, as well as receiving prestigious choreography awards at national dance competitions for his dances and/or dancers. Now as a 21 year old, Jacob choreographs and teaches dance to all ages and levels in various studios throughout San Diego and the surrounding areas. Jacob currently teaches and choreographs for concert and competition dance, in addition to other dance-related projects. In the future, Jacob hopes to choreograph and create pieces for music artists and dance conventions around the globe
